Rajarshi Bhattacharjee

Website: rbhattacharj.github.io Email: rbhattacharj@umass.edu Google Scholar: bit.ly/3bxeG56

Research Interests

1) Randomized Linear Algebra 2) Online Learning and Optimization 3) Algorithms with Machine Learned Advice

EDUCATION

University of Massachusetts Amherst

2020-Current

Ph.D. in Computer Science, GPA: 4.0/4.0

- Advisor: Prof. Cameron Musco

Indian Statistical Institute

2015-2017

Master of Technology in Computer Science, Final Aggregate: 85.90 % (First Class with Distinction)

Jadavpur University

2009-2013

Bachelor of Engineering in Mechanical Engineering, GPA: 7.86/10.00 (First Class)

Academic Research

University of Massachusetts Amherst

Amherst, MA

Graduate Research Assistant

Fall 2020-Current

- Randomized Linear Algebra: Fast algorithms for spectrum approximation.
- Online algorithms for **fair resource allocation**
- Area: Randomized Algorithms, Linear Algebra, Online Learning, Graph theory, Machine Learning, Caching.

Indian Institute of Technology (IIT) Madras

Chennai, India

Project Associate under Prof. Abhishek Sinha

July 2019–August 2020

- Online Caching
- Online algorithms for minimizing the age-of-information (AoI) for users in a communication network.
- Area: Online Learning, Machine Learning, Age-of-information

Indian Institute of Information Technology (IIIT) Hyderabad

Hyderabad, India

Research Assistant under Prof. Naresh Manwani

February 2018–May 2019

- Worked on **Online learning** algorithms for the weakly supervised setting of *learning with partial labels*.
- Area: Machine learning, Online Learning

- 6. Fundamental limits of age-of-information in stationary and non-stationary environments. Subhankar Banerjee, Rajarshi Bhattacharjee and Abhishek Sinha. In 2020 IEEE International Symposium on Information Theory (ISIT), 2020. [arxiv]
- 7. Online Algorithms for Multiclass Classification Using Partial Labels. Rajarshi Bhattacharjee and Naresh Manwani. Proceedings of the Pacific-Asia Conference on Knowledge Discovery and Data Mining (PAKDD), 2020. [arxiv]

Industry Experience

Adobe Research

Hyderabad, India

Research scientist intern

May 2023–December 2023

 Worked on fast and memory efficient computation of the attention layer using techniques from randomized linear algebra to improve training and inference time of transformers.

Deloitte Consulting India Private Limited

Hyderabad, India

Business Analyst/Data Scientist

August 2017-December 2017

- Worked on delivering machine learning based solutions to different clients.

PricewaterhouseCoopers Private Limited

Kolkata, India

Consultant

September 2013-July 2015

- Worked on development of software modules for different clients using Java, SQL.

SCHOLARSHIPS AND AWARDS

- Awarded Sudha and Rajesh Jha Scholarship at UMass Amherst. (awarded to one student every year)
- Rashi Ray Memorial Medal for standing First in the order of merit in M.Tech. Computer Science at Indian Statistical Institute
- Awarded **Dean's Fellowship** along with admission to the **PhD program** in Electrical and Systems Engineering at **Boston University**. (declined offer)

SERVICE

- Reviewer: Served as a reviewer for ICML 2023, NeurIPS 2023, ICLR 2024. External reviewer for SODA 2023, STOC 2022, STOC 2023, WiOpt 2020. Also helped review papers for IEEE Transactions on Networking, IJCAI 2019.
- UMass: Served as a peer mentor to incoming Ph.D. students. Served in the UMass PhD Application Support program supporting underrepresented candidates for CS PhD applications.

Programming Languages

Python, Matlab, Java
